Father, Mother, and Three Sisters Dead.
Mr. David Claypool, formerly Sergeantat-Arms of the New Jersey Senate, and now
Notary Public at Cedarville, Cumberland
Co., N. J., makes the following startling
statement: "My father, mother, and three
sisters all died with consumption, and my
lungs were so weak I raised blood. Nobody
thought I could live, My work (shipsmithing) was very straining on me with my
weak constitution, and I was rapidly going
to the grave. While in this condition I
commenced using Mishler's Herb Bitters,
and it saved my life. Because it was so
difficult to get it in this little place, and I
had improved so much, I stopped taking it
for a time, and the result is that I have
commenced going rapidly down hill again. Father, Mother, and Three Sisters Dead. commenced going rapidly down hill again. Somehow, Mishler's Herb Bitters gives appetite and strengthens and builds me up as nothing else does, and I must have a dozen bottles at once. Use this communication as you become and if any one wants nication as you please, and if any one wants to be convinced of its truth, let them write me and I will make affidavit to it, for I owe my life to Mishler's Herb Bitters."

The secret of the almost invariable relief

and cure of consumption, dysentery, diar-rhea, dyspepsia, indigestion, kidney and liver complaints, when Mishler's Herb Bitters is used, is that it contains simple, harmless, and yet powerful ingredients, that act on the blood, kidneys, and liver, and through them strengthens and invigor ates the whole system. Purely vegetable ntes the whole system. Purely vegetable in its composition; prepared by a regular physician; a standard medicinal preparation; endorsed by physicians and druggists. These are four strong points in favor of Mishler's Herb Bitters. Mishler's Herb Bitters is sold by all druggists. Price \$1.00 per large bottle. 6 bottles for \$5.00. TWELFTH ANNUAL MEETING Of the Oblo Women's Christian Tem perance Union.

On the 10th of June, the twelfth annua convention of the Ohio Women's Christian emperance Union assembled at Kenton Ohio, and held a three days' session. I proved to be the most interesting, most the twelve that Jesus sent forth to preach the Gospel, such a mighty force as the spirited and largest assemblage of active, arnest women the Union has ever held church now is would be the result. Yet the stone cut out of the mountain without since its organization.

The meeting was opened with the ananal address by Mrs. E. G. Phinney, who gave a review of the work that had been ands of men, women and children are ecomplished during the past year, and the unparalled difficulties that met them during the intense political excitement attending a Presidential campaign, In the evening stirring addresses, brief and to the point, entertained the large andience that filled the hall at every session of the convention. RESOLUTIONS. The following resolutions adopted embody the spirit of the Union, and the impulses which actuate it in its great work of reform ;

"Resolve—That the important subjects of heredity and hygiene be kept before the people by circulating books and leaflets, scientific lectures in our district and county conventions, and holding Institutes on heredity and hygiene whenever and wherever possible.

"After years of patient trial and labor as temperance workers, and in view of what has been accomplished, we believe the only way to reach and successfully overthrow the evil of intemperance is through the ballot: Therefore,

Attention, Doctors. Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made casier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines he will find that his usefulness will be greatly increased. Full direction for its use will be found in the "Ilis of Life," and he should at once procure this valuable book. cure this valuable book.

N. J. Wright, Business Agent Evening Herald, Eric, Pa., says: "DR. HARTMAN—I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed and then my feet, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days from the commencement of the use of your remedies the cane was dispensed with, and in a week I was perfectly well."

Mrs. Ellen Maynard, Oswego, Potter county, Pa., writes: "Dr. Hartman, Columbus, O. The small ulcers are all healed, and the two large ones are not more than half as large as they were. I am feeling quite well. The people say your Peruna and Manalin are doing a miracle. I do not take nearly so much opium as I did before."

Joseph Thomas, East Brady, Pa., writes: "I have used your Peruna and Manalin with good results. In the year of 1880 I was so bad that I could scarcely wa'k. I used Peruna and Manalin, and am now as healthy as I have ever

walk. I used PERUNA and MANALIN, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much benefited by it."

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of PERUNA we concluded to try it, and will say it has done her a great deal of good—the first bottle apparently giving aid and relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without pare with it. We have used forty or fill bottles, and our house is never without Pringa. Our little girl is now eigh years old, and can run any place, was four years helpless. PERUNA cured her.
